

RELEASE DATE
28/06/2022**FOR IMMEDIATE RELEASE****The Malta Gaming Authority & National Statistics Office collaborate on a two-day workshop**

The Malta Gaming Authority ('MGA') and National Statistics Office ('NSO') collaborated on a two-day workshop focused on the gaming sector in Malta. The workshop was held between 27 and 28 June 2022 at the MGA's office in SmartCity.

The event served as a platform for discussing relevant developments in the gaming industry as well as for facilitating and enhancing discussion on the technical issues related to the analysis of the industry's data.

"As a regulator tasked with overseeing all gaming operations in and from Malta, we recognise the importance of national statistics in supplying essential data for effective decision-making, their quality and timeliness. We have been collaborating with the NSO for a number of years now, and we will continue strengthening our relationship given the importance of the gaming sector to the Maltese economy" said Peter Spiteri, Chief – Finance & Business Transformation, responsible for statistical and data-related projects at the Malta Gaming Authority.
